③ Vytleskej rytmus slov a graficky ho zosnamenaj

základní - úroveň

④ najdi stejný obránek, jako je v kolečku

**Z**a to, že Baf našel správný klíč od truhlice s dalekohledem, pomohl hvězdář pejskovi s hledáním pokladu. Ale stejně jako v kuchyni, v obrazárně a v knihovně, ani tady poklad nebyl. A tak vyjmuli z truhlice dalekohled a společně pozorovali hvězdy. Pak už ale Baf spěchal do svého pokojíku, aby se pořádně vyspal na to zítřejší pátrání.

☀ Najdeš v každém řádku jeden stejný obránek, jako je ten v kolečku? Zakroužkuj ho. 🌙 Viš, co všechno můžeme vidět na noční obloze? 🪐 Řekni, co vidíme na obloze ve dne.

Malé hvězdičky vybarvi žlutě, střední oranžově a velké fialově. Dokážeš je všechny spočítat?
